

Stampin' Cut & Emboss Machine **SANDWICHES**—shown in order

(1st line is the top; bottom line is the bottom of the sandwich)

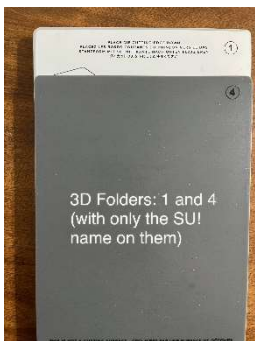

For **DIES**:

- Cutting mat (labeled #3)
- Die—cut side down on cardstock
- Cutting mat (#3)
- Thin Die Adapter (#2)
- Thick Base/Platform (#1)

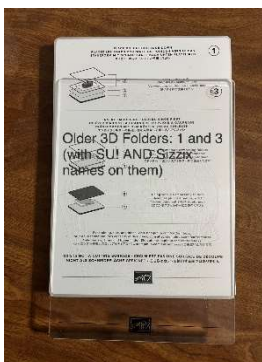

For **STANDARD Embossing Folders**:

- Cutting mat (labeled #3)
- Embossing folder with cardstock inside; send SEAM thru first!
- Cutting mat (#3)
- Thick Base/Platform (#1)

For **3D Embossing Folders (with ONLY the Stampin' Up! name on it)**:

- Specialty Plate (labeled #4); you may *instead* have a clear blue-ish plate that was available while we still had the Big Shot
- 3D Embossing folder with cardstock inside; send SEAM thru first!
- Thick Base/Platform (#1)

For **Older 3D Embossing Folders (with Stampin' Up! AND Sizzix names on it)**:

- Cutting mat (labeled #3)—just 1 plate is used!
- Older 3D Embossing folder with cardstock inside; send SEAM thru first!
- Thick Base/Platform (#1)
